National Webinar

"Literature and Film Adaptation"

Date: 22nd & 23rd October 2021

Time: 11 am to 1 pm

About the National Webinar on

"Literature and Film Adaptation"

There has been growing interest in the study of film adaptations in recent years. 'Cinema'- the 19th century great invention equipped us to transform 'imagination to visualization'. The changes are inevitable due to the different characteristics of the written and visual media. When 'written things on the pages' began to be 'projected on the silver screen' a revolution started. Adapting literary work for the cinema poses many theatrical as well as technical problems. Scholars have always focused on the question of 'fidelity to the original work'. The most obvious evidence of this fact is the frequency of complaints about unsuccessful adaptations. In spite of all the controversies, adaptations are being done and they come out. The webinar will focus on the challenges concerning the adaptations of literature for the screen that seems to underlie the process of transcreation. The interesting question is how both the author and director successfully overcome these challenges.

Objectives of the National Webinar on Literature and Film Adaptations:

- ✦ To acquaint the participants with the historical development of Film Adaptation
- ✦ To inform them about the connection between the Literature and Films
- ✦ To aware them of the challenges in Film Adaptations
- ✦ To deliberate over the distinctiveness of Literature and Films

KEY NOTE ADDRESS

“Adaptation and the Literary Space: Viewing from a Televisual Age”

A general antipathy to adaptations seems to have become redundant with the televisual space throwing up new versions of film and TV series based on literary works. We are then faced with questions of influences and overlaps, rather than those of fidelity with literary sources. In the present context, we must look within and across instances of film and TV adaptations, and notice the continuing presence of the literary space. This is seen in figures who are related or alluded to in the world of literary art, as well as in the descriptive aspects of film and TV narratives. In a recent film adapted from the novel *The Goldfinch* (Donna Tartt), this literary world is projected against the privilege of knowing and appreciating art. A much-celebrated TV series based on the best-selling novel *The Underground Railroad* (Colson Whitehead) can be seen to be influenced by the need to reflect and contemplate on experiences of racial narratives, rather than sensationalize them. Some important questions can then be considered: How does today's films and TV series reference and reflect works across literary formations, beyond issues of genre, faithfulness or story elements? What can be made of the literary stance, and space that films and TV series seem to respond and inscribe? This talk will partially address these questions, with an intent to comment on the need to consider the literary in its spatial presence with regard to film and TV.

Eco-friendly Ganesh Idol visarjan

Date: Sep 19, 2021

Ganesh Chaturthi is one of the biggest festival in Maharashtra. water and air pollution will go up in many parts of our country as many people will gather to immerse Ganapati idols into the water bodies. Since the idols are made from Plaster of Paris these are non-biodegradable naturally and so these continue to float on the water for a long time thereby choking the water bodies and adversely impacting aquatic ecosystem. Adding to the problem, the idols are often decorated with paints heavy on lead and mercury which adds to the ongoing process of destroying the flora and fauna of the water body. To fight these challenges our institute took initiative and promote Eco-friendly visarjan of Ganesh Idols.

Helping Hands: 11th April 2022

College NCC cadets have implemented the 'Unity and Discipline' motto through their actions and the selfless spirit of Mahatma Gandhi Vidyamandir institution, by helping their friend and colleague Shubham Dhondiram Aswale, his brother and father who were injured in a severe accident.

Shubham's father was injured severely during his job. Shubham and his brother got into a bike accident while visiting their father. Shubham's right leg was crushed by a heavy vehicle and had to be removed. His brother suffered a severe head injury. Approx., Rs. 3.5 lakh are needed for the treatment of Shubham. At this moment, the breadwinners of a poor family are suffering from this situation. Watching this, NCC cadets have put forth a "By the cadet, for the cadet" mission. With the help of the College's teaching, non-teaching staff, ex NCC cadets and students, they have managed blood and collected Rs. 52,000. The college has donated a check of Rs. 10,000 from their Alumni Fund totalling Rs. 62,000, have set an example for people. The NCC cadets were motivated and guided by College Principal Dr. B. S. Jagdale, Vice Principal and NCC ANO of the college.

CELEBRATION OF WORLD INDIGENOUS TRIBAL DAY

L. V. H. College celebrated the World Indigenous Tribal Day on 12th Aug 2022 by felicitating the Mr. and Mrs. Kolhe for their remarkable work for Adivasi and arranging interactive session about their work, view and future plan for the upliftment of Adivasi people. Mrs. Jyoti Kolhe has been working for the tribal people since last 12 years, shared her experiences with the tribal people. She narrated that though the life of these people seems to be colourful with their clothes and tribal dances yet in reality it is full of many miseries. The constitution has given them the status of the schedule caste and schedule tribe to this society and has offered them many facilities. But none of the government scheme has ever reached to these people and they have been deprived in true sense. Dr. Prakash Kolhe also narrated his experiences with the tribal people and stated that unless there is light of education in every house, we will not be able to bring the tribal people into the mainstream of life
