REPORT

Library Training Programme was organized by IQAC under Mahatma Gandhi Vidyamandir's and the Department of Library and Knowledge Resource Centre, MGV's Loknete Vyankatrao Hiray College, Nashik. This programme was held in the backdrop of Corona-19 pandemic to acquaint the professors of MGV's professional colleges like MGV's Arts, Science and Commerce college, HMCT, Law college, Pharmacy college, Agricultural college, MBA college and other sister institutions, about the availability of online reference tools which can be made available to students.

This programme was inaugurated and organized on 3rd June 2021, in the presence of Chairperson MGV's trustee and Principal Dr. B.S. Jagdale, Principal Dr. C. G. Dighavkar, Member Vice- Principal Dr. V. H. Rakibe, Vice-principal Dr. S. S. Chobe, Dr. S. D. Patil Science Faculty In charge and Dr. K. R. Nikam Art Faculty In charge. The resource person is Professor S. P. Vyalij, Librarian Dr. Ujwala S. Ulhe, Librarian, Pharmacy college, Nashik and Dr. Rahul Lokhande, Librarian Arts Science and Commerce College, Manmad, Nashik

As the library is the soul of the institutions and treasure house of knowledge and information for educational, social and cultural development of the institute. As a response to the COVID-19 crisis, many

countries around the world closed schools, colleges and universities to halt the spread of the virus. The COVID-19 crisis has forced education systems worldwide to find alternatives to face-to-face instruction. As a result, online teaching and learning have been used by teachers and students on an unprecedented scale. According to data from UNESCO, the peak in school closures was registered at the beginning of April 2020, when around 1.6 billion learners were affected across 194 countries, accounting for more than 90% of total enrolled learners (UNESCO, 2020). The sudden closure of schools meant that education policy makers, school principals and teachers had to find alternatives to face-to-face instruction in order to guarantee children's right to education.

In this backdrop teachers were acquainted with open access e-resources like, NCERT,ERIC,Onlinenewspapaer.com,https://lvhcollege.com/library.html, http://www.oxfordlearnersdictionaries.com/, etc.Professors also made aware of important open source software's like Source forge, Fossee, UNESCO. They also get to know about N-LIST, World eBook Library, Shodh Sindhu (The main objective of the e-ShodhSindu: Consortia for Higher Education E-Resources is to provide access to qualitative electronic resources including full-text, bibliographic and factual databases to academic institutions at a lower rates of subscription),

DELNET(It aims to collect, store, and disseminate information besides offering computerised services to users, to coordinate efforts for suitable collection development and also to reduce unnecessary duplication wherever possible.), Shodhganga (The Shodhganga@INFLIBNET Centre provides a platform for research students to deposit their Ph.D. theses and make it available to the entire scholarly community in open access. The repository has the ability to capture, index, store, disseminate and preserve ETDs submitted by the researchers.),

NPTEL (Largest online repository in the world of courses in engineering, basic sciences and selected humanities and management subjects YouTube channel for NPTEL – most subscribed educational channel, 1.3 billion views and 40+ lakhs subscribers).

Considering the alternative of no schooling, online schooling has been an important tool to sustain skills development during school closures. That being said, there are still concerns that online learning may have been a sub-optimal substitute for face-to-face instruction, especially so in the absence of universal access to infrastructure (hardware and software) and lack of adequate preparation among teachers and students for the unique demands that online teaching learning pose. Developing strong attitudes towards learning can help students overcome some of the potential challenges posed by online learning such as, for instance, remaining focused during online classes or maintaining sufficient motivation. Positive attitudes towards learning, self-regulation and intrinsic motivation to learn play an important role in improving performance at school in general, but may be especially important should online learning continue.

Institution's all faculty members along with panellist benefited from this program.

Time – 2.30 pm

PoSH Act

The Sexual Harassment of Women at Workplace (Prevention, Prohibition, and Redressal) Act, 2013 (also referred to as the "POSH Act") came into existence in 2013. The PoSH Act has been implemented to prevent and protect women from sexual harassment at the workplace and thereby ensure a safe working environment for women.

The PoSH Act, as mandatary compliance, requires every company having more than ten employees to constitute an Internal Complaints Committee (ICC) in the prescribed manner to receive and address the complaints of any sort of sexual harassment from women in a time-bound and extremely confidential manner.

A webinar organized on Womens'Grievance Redressal under Prevention of Sexual Harassment Act, 2013 to sensitize working women about Posh Act was conducted on 24th June 2021 in association with Mahatma Gandhi Vidyamandirs Trust **Smt. Khune Shakuntala** Assistant Professor law college delivering lecture on Posh Act. She explained to women about importance and how it is introduced from 2013 for working women. about teacher centered and student centric method. She explains needs and objectives of Posh act 2013. Women Participants from different colleges were attended the Programme and gave their valuable feedback.

ERP Software Up-gradation Training Workshop
For Non-Teaching Staff
July, 2017

Report

Mahatma Gandhi Vidyamandir's Loknete Vyankatrao Hiray Arts, Science and Commerce College, Panchavati, Nashik decided to purchase new software 'ERP' for Administration Purpose. The ERP Software Training Workshop is arranged for the Non-Teaching Staff for smooth computerized functioning of Administration. ERP software is developed by Purestudy.com. The software will be used starting from Admission of the Student to the Results of the students. It also includes Library Management system and Employee Management System.

Training for the use of this software is necessary to the non-teaching staff hence training sessions are arranged for the non-teaching staff in the Month of July, 2017. The software development company provided hands on training to the non-teaching staff. The staff tried to get all information of the software functioning. The queries were raised by some staff and the company tried to resolve the queries. Overall this training session was very helpful for the non-teaching staff of the collge.
