Academic Year-2017-18

Report on activities on Best Practices

Activity No.	01: E-Waste Management
Aim	E-Waste management and Reuse for practical Kit Making
Date of the event	21th September 2017
Participants	Staff and UG students of department
Objectives:	<ol style="list-style-type: none"> 1. Reuse of the e-waste component to making practical kits. 2. To make the practical kits for the performance of the practical for F.Y.B. Sc to T.Y. B.Sc. 3. To design, built and test the practical kits. 4. Improve the subject practical knowledge of student and this is used in their daily life.
Outcome:	<ol style="list-style-type: none"> 1. The student learns the component testing and builds the practical kit for this activity. 2. They design, building and testing of the circuits. 3. They learn the e-waste management and how to utilize the e-waste.
Report	<p>Department of Electronic Science regularly reuse e-waste generated in the laboratory for the development of experimental kits required for practical course of UG classes. The design and development of kits using e-waste is done by staff and students of department. This help to reduce the e-waste generated by recycling and save the environmental pollution as well as cost of purchasing new kits. This also improves the subject knowledge of the students in such a way that, they can apply this knowledge for the daily life activities.</p>

Activity No.	02 : Poster Presentation			
Aim	Poster Presentation in the “Science Association”			
Date of the event	23/ 08 / 2017 & 24/ 08 / 2017			
Participants	UG students / PG students / Faculty			
Objectives:	1.To build and developed the presentation skill of Student			
	2.To understand the knowledge about represent subject related topic.			
	3.To encourage the students to actively participate in such events			
	4.To improve the subject knowledge of the students in such a way that, They can apply this knowledge for the daily life activities.			
Outcome:	1.Increased speaking skill on the subject topic of the student.			
	2.Improve the Students interaction ability with the audience.			
	3.Increase the ability of elaborate the subject knowledge with audience			
Report	Prin. Dr. B. S. Jagdale, Prin. Dr. S. N. Nikam, Dr. R. S. Deore, Dr. A. V. Patil, Head, Department of Electronic Sci., Dr. M.A. Bhardwaj, Dr. T. R. Mahale, Dr. T. B. Pawar, teaching and non-teaching staff of department and students were present during the inaugural function of poster presentation event on the occasion “Science Association” celebration. The Student presents the poster on the electronics related topics.

	16	Navgire Kaustubh Somnath	32	Pandit Sandeep kumar Shrimadan

Activity No.	03: Poster Presentation			
Aim	Poster Presentation on the occasion of “National Science Day”.			
Date of the event	28 / 02/ 2018			
Participants	UG students / PG students / Faculty			
Objectives:	1. To build and developed the presentation skill of Student			
	2. To understand the knowledge about represent subject related topic.			
	3. To encourage the students to actively participate in such events			
	4. To improve the subject knowledge of the students in such a way that,they can apply this knowledge for the daily life activities.			
Outcome:	1. Increased speaking skill on the subject topic of the student.			
	2. Improve the Students interaction ability with the audience.			
	3. Increase the ability of elaborate the subject knowledge with audience			
Report:	Prin. Dr. B.S. Jagdale, Dr. A.V. Patil Head of department of electronics, staff members of Electronic Science Department and students were present during the inaugural function of poster presentation event on the occasion “Science Association” celebration. The Student presents the poster on the electronics related topics.
