# Hemoglobin Checkup Camp for Girl Students

14th July 2022

The Department of Zoology along with the NSS unit of our college Loknete Vyankatrao Hiray Arts, Science & Commerce College, Panchavati, Nashik organized Complete Blood Count check camp for the girl students of our college on the occasion of Birthday of Dr. Smita Prashant Hiray on 14th July 2022. Prof. Resham Bhalla, Head, Department of Zoology and other staff members of the department along with Dr. M P Pagar, Coordinator, NSS Unit and other members took initiative for successful organization of the camp. Prof. K H Kapadnis and Prof. M A Bhardwaj, the vice principals of the college were invited to chair the inauguration session. Dr. Pallavi Tripathi, an Assistant Professor in Karamveer Bhausaheb Hiray Dental College, Nashik was invited as resource person. She delivered a lecture on how to maintain Oral Health and Hygiene and explained the consequences if the proper care of teeth is not taken well in time. In her lecture she demonstrated how to clean the teeth in correct way and how to maintain the teeth health as teeth are not only used for eating purpose but they also enhance the beauty of the person. The girl students were quite inspired and motivated by Dr. Tripathi's lecture and were also curious to ask many questions which were meticulously solved by the doctor. This camp was organized in association with Arpan Blood Bank, Nashik, who cooperated in collecting the blood samples of girl students and in complete Blood Count analysis of the blood samples. Arpan Blood Bank appointed their four staff members for the blood sample collection. Besides the complete Blood Count check, the thalassemia test of unmarried girl students was also done. On getting the complete report of the blood samples of all the girl students, the counselling of the girl students was done whose haemoglobin, RBC count, WBC Count and platelet count was other than the normal values. In the counselling the girl students were guided how to bring the blood count to the normal value and were advised to visit the doctor for taking the proper treatment which is very essential for their future life. The report of thalassemia was kept fully confidential and only those girl students whose thalassemia report was positive were counseled and made aware about the thalassemia and take proper care while deciding the partner during their marriage. The detailed reports of the hematology were distributed to the girl students. In this camp around 100 girl students and 6 female teachers were benefitted for their complete blood checkup. Overall, this activity was very beneficial and successful extension activity of the department of Zoology and NSS Unit of the college.
